Press Release

Press Release（This is provisional translation. Please refer to the original text written in Japanese.）

November 12, 2026
Food Inspection and Safety Division,
Public Health Bureau

To Press and those who may concern,

Lifting of restriction of distribution of foods based on the Act on Special Measures Concerning Nuclear Emergency Preparedness, direction of Director-General of the Nuclear Emergency Response Headquarters.

Today, the Nuclear Emergency Response Headquarters has lifted restriction on the distribution of the following foods.

(1) Wild honey mushroom picked in Aizuwakamatsu-city and Aizumisato-town, Fukushima prefecture
(2) Wild lyophyllum fumosum and wild Matsutakes picked in Showa-village, Fukushima prefecture
(3) Chars (Iwana), excluding aquaculture products, caught in the downstream area of the Shinobu Dam on the Abukuma River in Fukushima Prefecture, including tributaries; and land-locked cherry salmon (Yamame), excluding aquaculture products, caught in the upstream area of the Shinobu Dam on the Abukuma River in Fukushima Prefecture, including tributaries, and in the downstream area of the Shinobu Dam, including tributaries but excluding the Matsukawa River and its tributaries.

1. With regard to Fukushima prefecture, the restriction on distribution of wild honey mushroom picked in Aizuwakamatsu-city and Aizumisato-town, and wild lyophyllum fumosum and wild Matsutakes picked in Showa-village, have been lifted today.

   (1) The instruction by the Nuclear Emergency Response Headquarters: Attachment 1
   (2) The application from Fukushima prefecture: Attachment 2 [omitted]

2. With regard to Fukushima prefecture, the restriction on distribution of chars (Iwana), excluding aquaculture products, caught in the downstream area of the Shinobu Dam on the Abukuma River in Fukushima Prefecture, including tributaries; and land-locked cherry salmon (Yamame), excluding aquaculture products, caught in the upstream area of the Shinobu Dam on the Abukuma River in Fukushima Prefecture, including tributaries, and in the downstream area of the Shinobu Dam, including tributaries but excluding the Matsukawa River and its tributaries, have been lifted today.

   (1) The instruction by the Nuclear Emergency Response Headquarters: Attachment 1
   (2) The application from Fukushima prefecture: Attachment 2 [omitted]

3. The list of the restrictions on distributions and/or consumptions of food in accordance with the Act on Special Measures Concerning Nuclear Emergency Preparedness: Reference [omitted]

(Attachment 1)

Instruction

November 12, 2026

From Director-General of the Nuclear Emergency Response Headquarters
To Governor of Fukushima Prefecture,

The Instruction to the Prefecture on July 1, 2026 based on the Article 20.2 of the Act on Special Measures Concerning Nuclear Emergency Preparedness (Act No. 156, 1999) shall be changed as follows.

1. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume and distribute any non-head type leafy vegetable produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012), Tomioka-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on March 9, 2018)), Okuma-town (limiting to “Restricted area” designated by the Instruction on November 30, 2012 (excluding "Specific Reconstruction Reproduction Base Area" designated on November 10, 2017)), Futaba-town (limiting to “Restricted area” designated by the Instruction on May 7, 2013 (excluding “Specific Reconstruction Reproduction Base Area” designated on September 15, 2017)), Namie-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on December 22, 2017)), Katsurao-village (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on May 11, 2018)) and Iitate-village (limiting to “Restricted area” designated by the Instruction on June 15, 2012, excluding "Specific Reconstruction Reproduction Base Area" designated on April 20, 2018 (excluding areas where the Ministry of the Environment’s "demonstration project for recycling and reuse" is being implemented (including completed areas) and areas scheduled for implementation (including farmland under consideration as candidate sites))), for the time being.
2. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume and distribute any head type leafy vegetable produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012), Tomioka-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on March 9, 2018)), Okuma-town (limiting to “Restricted area” designated by the Instruction on November 30, 2012 (excluding "Specific Reconstruction Reproduction Base Area" designated on November 10, 2017)), Futaba-town (limiting to “Restricted area” designated by the Instruction on May 7, 2013 (excluding “Specific Reconstruction Reproduction Base Area” designated on September 15, 2017)), Namie-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on December 22, 2017)), Katsurao-village (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on May 11, 2018)) and Iitate-village (limiting to “Restricted area” designated by the Instruction on June 15, 2012, excluding "Specific Reconstruction Reproduction Base Area" designated on April 20, 2018 (excluding areas where the Ministry of the Environment’s "demonstration project for recycling and reuse" is being implemented (including completed areas) and areas scheduled for implementation (including farmland under consideration as candidate sites))), for the time being.

3. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume and distribute any flowerhead brassica produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012), Tomioka-town, (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on March 9, 2018)) Okuma-town (limiting to “Restricted area” designated by the Instruction on November 30, 2012 (excluding "Specific Reconstruction Reproduction Base Area" designated on November 10, 2017)), Futaba-town (limiting to “Restricted area” designated by the Instruction on May 7, 2013 (excluding “Specific Reconstruction Reproduction Base Area” designated on September 15, 2017)), Namie-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on December 22, 2017)), Katsurao-village (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on May 11, 2018)) and Iitate-village (limiting to “Restricted area” designated by the Instruction on June 15, 2012, excluding "Specific Reconstruction Reproduction Base Area" designated on April 20, 2018 (excluding areas where the Ministry of the Environment’s "demonstration project for recycling and reuse" is being implemented (including completed areas) and areas scheduled for implementation (including farmland under consideration as candidate sites))), for the time being.
4. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any turnip produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012), Tomioka-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on March 9, 2018)), Okuma-town (limiting to “Restricted area” designated by the Instruction on November 30, 2012 (excluding "Specific Reconstruction Reproduction Base Area" designated on November 10, 2017)), Futaba-town (limiting to “Restricted area” designated by the Instruction on May 7, 2013 (excluding “Specific Reconstruction Reproduction Base Area” designated on September 15, 2017)), Namie-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on December 22, 2017)), Katsurao-village (limiting to “Restricted area” designated by the Instruction on March 7, 2013 (excluding "Specific Reconstruction Reproduction Base Area" designated on May 11, 2018)) and Iitate-village (limiting to “Restricted area” designated by the Instruction on June 15, 2012, excluding "Specific Reconstruction Reproduction Base Area" designated on April 20, 2018 (excluding areas where the Ministry of the Environment’s "demonstration project for recycling and reuse" is being implemented (including completed areas) and areas scheduled for implementation (including farmland under consideration as candidate sites))), for the time being.
5. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Japanese apricot (Ume) produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30 2012) for the time being.
6. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Yuzu produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012) for the time being.
7. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any chestnut produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012) for the time being.
8. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any kiwi fruit produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30 2012) for the time being.

9. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Fukushima-city (limiting to former Fukushima-city and former Oguni-village area), Nihonmatsu-city (limiting to former Shibukawa-village area) and Date-city (limiting to former Sekimoto-village, former Hashirazawa-village, former Tominari-village, former Kakeda-town, former Oguni-village and former Tsukidate-town area) in 2011, for the time being.
10. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in areas subjected to restriction of distribution in advance in 2012 (including Koriyama-city (limiting to former Fukuyama-town), Sukagawa-city (limiting to former Nishifukuro-village), Miharu-town (limiting to former Sawaishi-village), Otama-village (limiting to former Tamanoi-village), Fukushima-city (limiting to former Mizuhara-village and Tatsugoyama-village), Iwaki-city (limiting to former Yamada-village) and Kawamata-town (limiting to former Iizaka-village), for the time being; provided, however, that these shall not apply to rice produced in 2012, which is controlled under the management policy set by Fukushima prefecture.
11. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in areas preparing for resumption of rice firming and areas where all rice farming and shipment are managed by local governments in 2013; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
12. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-city (limiting to areas except "Restricted area" designated by the Instruction on March 30 2012), Kawamata-town (limiting to "Areas in which the residents are not permitted to live" and "Areas to which evacuation orders are ready to be lifted" designated by the Instruction on August 7 2013), Naraha-town, Tomioka-town (limiting to areas except "Restricted area" designated by the Instruction on March 7 2013), Okuma-town (limiting to areas except "Restricted area" designated by the Instruction on November 30 2012), Futaba-town (limiting to areas except "Restricted area" designated by the Instruction on May 7 2013), Namie-town (limiting to areas except "Restricted area" designated by the Instruction on March 7 2013), Kawauchi-village (limiting to "Areas in which the residents are not permitted to live" and "Areas to which evacuation orders are ready to be lifted" designated by the Instruction on March 30 2012), Katsurao-village (limiting to areas except "Restricted area" designated by the Instruction on March 7 2013) and Iitate-village (limiting to areas except "Restricted area" designated by the Instruction on June 15 2012) in 2014; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
13. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-city (limiting to "Areas in which the residents are not permitted to live" and "Areas to which evacuation orders are ready to be lifted" designated by the Instruction on March 30, 2012), Kawamata-town (limiting to "Areas in which the residents are not permitted to live" and "Areas to which evacuation orders are ready to be lifted" designated by the Instruction on August 7, 2013), Naraha-town, Tomioka-town (limiting to areas except "Restricted area" designated by the Instruction on March 7, 2013), Okuma-town (limiting to areas except "Restricted area" designated by the Instruction on November 30, 2012), Futaba-town (limiting to areas except "Restricted area" designated by the Instruction on May 7, 2013), Namie-town (limiting to areas except "Restricted area" designated by the Instruction on March 7, 2013), Kawauchi-village (limiting to "Areas in which the residents are not permitted to live" and "Areas to which evacuation orders are ready to be lifted" designated by the Instruction on March 30, 2012), Katsurao-village (limiting to areas except "Restricted area" designated by the Instruction on March

7, 2013) and Iitate-village (limiting to areas except “Restricted area” designated by the Instruction on June 15, 2012) in 2015; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.

14. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-city (limiting to “Areas in which the residents are not permitted to live” and “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on March 30, 2012), Kawamata-town (limiting to “Areas in which the residents are not permitted to live” and “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on August 7, 2013), Naraha-town, Tomioka-town (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013), Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013), Namie-town (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013), Kawauchi-village (limiting to “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on September 12, 2014), Katsurao-village (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013) and Iitate-village (limiting to areas except “Restricted area” designated by the Instruction on June 15, 2012) in 2016; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
15. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-city (limiting to “Areas in which the residents are not permitted to live” and “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on March 30, 2012), Kawamata-town (limiting to “Areas in which the residents are not permitted to live” and “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on August 7, 2013), Tomioka-town (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013), Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013), Namie-town (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013), Kawauchi-village (limiting to “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on September 12, 2014), Katsurao-village (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013) and Iitate-village (limiting to areas except “Restricted area” designated by the Instruction on June 15, 2012) in 2017; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
16. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Kawamata-town (limiting to “Areas in which the residents are not permitted to live” and “Areas to which evacuation orders are ready to be lifted” designated by the Instruction on August 7, 2013), Tomioka-town (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013), Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013), Namie-town (limiting to areas except “Restricted area” designated by the Instruction on March 7, 2013) in 2018; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
17. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012) and Futaba-town (limiting to areas

except “Restricted area” designated by the Instruction on May 7, 2013) in 2019; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.

18. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012(excluding areas such restriction on access was eased on March 5,2020)) and Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013) in 2020; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
19. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012 (excludes “the specified reconstruction and revitalization base area” certified on November 10, 2017)), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013 (excludes “the specified reconstruction and revitalization base area” certified on September 15, 2017)), Katsurao-village (limiting to “the specified reconstruction and revitalization base area” certified on May 11, 2018) in 2021; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
20. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Tomioka-town (limiting to “the specified reconstruction and revitalization base area” certified on March 9, 2018), Okuma-town (limiting to areas except “Restricted area” designated by the Instruction on November 30, 2012 (excludes “the specified reconstruction and revitalization base area” certified on November 10, 2017)), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013 (excludes “the specified reconstruction and revitalization base area” certified on September 15, 2017)), Namie-town (limiting to “the specified reconstruction and revitalization base area” certified on December 22, 2017), Katsurao-village (limiting to “the specified reconstruction and revitalization base area” certified on May 11, 2018) , Iitate-village (limiting to “the specified reconstruction and revitalization base area” certified on April 20, 2018) in 2022; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
21. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Tomioka-town (limiting to “the specified reconstruction and revitalization base area” certified on March 9, 2018), Okuma-town (limiting to "zone in preparation for the lifting of the evacuation order" designated by the Instruction on November 30, 2012 and “the specified reconstruction and revitalization base area” certified on November 10, 2017), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013 (excludes “the specified reconstruction and revitalization base area” certified on September 15, 2017)), Namie-town (limiting to “the specified reconstruction and revitalization base area” certified on December 22, 2017), Katsurao-village (limiting to “the specified reconstruction and revitalization base area” certified on May 11, 2018), Iitate-village (limiting to “the specified reconstruction and revitalization base area” certified on April 20, 2018) in 2023; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
22. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Tomioka-town (limiting to “the specified reconstruction and revitalization base area” certified on March 9, 2018), Okuma-town (limiting to "zone in preparation for the lifting of the evacuation order" designated by the Instruction on November 30, 2012 and “the specified reconstruction and revitalization base area” certified on

November 10, 2017), Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013 (excludes “the specified reconstruction and revitalization base area” certified on September 15, 2017)), Namie-town (limiting to “the specified reconstruction and revitalization base area” certified on December 22, 2017), Katsurao-village (limiting to “the specified reconstruction and revitalization base area” certified on May 11, 2018), and Iitate-village (limiting to “the specified reconstruction and revitalization base area” certified on April 20, 2018) in 2024; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.

23. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Futaba-town (limiting to areas except “Restricted area” designated by the Instruction on May 7, 2013 (excludes “the specified reconstruction and revitalization base area” certified on September 15, 2017)), Namie-town (limiting to “the specified reconstruction and revitalization base area” certified on December 22, 2017 (limiting to Murohara-area, Tsushima-area and Suemori-area)) and Iitate-village (limiting to “the specified reconstruction and revitalization base area” certified on April 20, 2018) in 2025 or 2026; provided, however, that these shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
24. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any raw milk produced in Minamisoma-city (limiting to “Restricted area” designated by the Instruction on March 30, 2012), Tomioka-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013), Okuma-town, Futaba-town, Namie-town (limiting to “Restricted area” designated by the Instruction on March 7, 2013), Katsurao-village (limiting to “Restricted area” designated by the Instruction on March 7, 2013) and Iitate-village (limiting to “Restricted area” designated by the Instruction on June 15, 2012) for the time being.
25. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume any log-grown Shiitake (outdoor cultivation) produced in Iitate-village for the time being.
26. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitake (outdoor cultivation) produced in Fukushima-city, Nihonmatsu-city, Date-city, Motomiya-city, Minamisoma-city, Tamura-city (limiting to area within 20 km radius from the TEPCO’s Fukushima Daiichi Nuclear Power Plant), Kawamata-town, Namie-town, Futaba-town, Okuma-town, Tomioka-town, Naraha-town, Hirono-town, Iitate-village, Katsurao-village and Kawauchi-village (limiting to area within 20 km radius from the TEPCO’s Fukushima Daiichi Nuclear Power Plant) for the time being.
27. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitake (outdoor cultivation) produced in Soma-city for the time being; provided, however, that these shall not apply to log-grown Shiitakes which are controlled under the management policy set by Fukushima prefecture.
28. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitake (indoor cultivation) produced in Date-city for the time being; provided, however, that these shall not apply to log-grown Shiitakes which are controlled under the management policy set by Fukushima prefecture.
29. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitake (indoor cultivation) produced in Kawamata-town for the time being.
30. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown pholiota nameko (outdoor cultivation) produced in Soma-city and Iwaki-city for the time being.

31. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume any wild mushroom picked in Minamisoma-city, Iwaki-city and Tanagura-town for the time being, however, these shall not apply to wild mushrooms limiting to Matsutakes, pholiota nameko, honey mushroom, late fall oyster mushroom, brick cap mushroom and maitakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
32. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Fukushima-city, Nihonmatsu-city, Date-city, Motomiya-city, Koriyama-city, Sukagawa-city, Tamura-city, Shirakawa-city, Kitakata-city, Soma-city, Minamisoma-city, Iwaki-city, Kori-town, Kunimi-town, Kawamata-town, Kagamiishi-town, Ishikawa-town, Asakawa-town, Furudono-town, Miharu-town, Ono-town, Yabuki-town, Tanagura-town, Yamatsuri-town, Hanawa-town, Bandai-town, Inawashiro-town, Aizubange-town, Hirono-town, Naraha-town, Tomioka-town, Okuma-town, Futaba-town, Namie-town, Shinchi-town, Otama-village, Tenei-village, Tamakawa-village, Hirata-village, Nishigo-village, Izumizaki-village, Nakajima-village, Samekawa-village, Kawauchi-village, Katsurao-village and Iitate-village for the time being, however, these shall not apply to wild mushrooms limiting to Matsutakes, pholiota nameko, honey mushroom, late fall oyster mushroom, brick cap mushroom and maitakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
33. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Aizuwakamatsu-city for the time being, however, these shall not apply to late fall oyster mushrooms, brick cap mushrooms, honey mushroom and wild mushrooms limiting to Matsutakes, pholiota nameko and maitakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
34. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Shimogo-town for the time being, however, these shall not apply to late fall oyster mushrooms and wild mushrooms limiting to Matsutakes, pholiota nameko, honey mushroom, brick cap mushroom and maitakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
35. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Kitashiobara-village for the time being, however, these shall not apply to late fall brick cap mushrooms and wild mushrooms limiting to Matsutakes, pholiota nameko, honey mushroom, late fall oyster mushroom, and maitakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
36. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Nishiaizu-town for the time being, however, these shall not apply to grifola frondosa (Maitakes), pholiota nameko, late fall oyster mushrooms, brick cap mushrooms, honey mushroom and wild mushrooms limiting to Matsutakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
37. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Aizumisato-town for the time being, however, these shall not apply to pholiota nameko, late fall oyster mushrooms, honey mushroom and wild mushrooms limiting to Matsutakes, brick cap mushroom and maitakes which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
38. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Tadami-town for the time being, however, these shall not apply to honey mushrooms, Bunaharitakes, pholiota nameko, late fall oyster mushrooms, brick cap mushrooms, grifola frondosa (Maitakes) and Matsutakes (wild mushrooms)
39. Restrictive requirements shall apply to heads of relevant municipalities and food business operators

concerned not to distribute any wild mushroom picked in Yanaizu-town and Mishima town for the time being, however, these shall not apply to grifola frondosa (Maitakes) and wild mushrooms limiting to Matsutakes, pholiota nameko, honey mushroom, late fall oyster mushroom and brick cap mushroom which are controlled under the policy for shipment and inspection set by Fukushima prefecture.

40. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushroom picked in Showa-village for the time being, however, these shall not apply to late fall oyster mushrooms (Mukitakes), grifola frondosa (Maitakes), brick cap mushrooms, pholiota nameko, lyophyllum fumosum, Matsutakes and wild mushrooms limiting to honey mushroom which are controlled under the policy for shipment and inspection set by Fukushima prefecture.
41. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any bamboo shoot produced in Fukushima-city, Nihonmatsu-city, Date-city, Motomiya-city, Koriyama-city, Sukagawa-city, Tamura-city, Shirakawa-city, Soma-city, Minamisoma-city, Iwaki-city, Kori-town, Kawamata-town, Miharu-town, Hirono-town, Naraha-town, Shinchi-town, Otama-village, Tenei-village, Nishigo-village, Kawauchi-village and Katsurao-village for the time being.
42. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Wasabi (field cultivation) produced in Date-city, however these shall not apply to Wasabi which are controlled under the management policy set by Fukushima prefecture.
