

Financial Status of Long-Term Care Insurance System

Overview

Financial Status of Long-Term Care Insurance System

*1 The percentages are based on the estimated proportion of the primary and secondary insured for the period from FY 2006 to 2008. (The percentages are 17% and 33% for FY 2000 to 2002 and 18% and 32% for FY 2003 to 2005, respectively)

*2 5% of the national fund shall be appropriated for the adjustment of gaps of municipalities' finance (grant proportions differ depending on municipalities).

(Rationale for adjustment)

- ① Different proportion of participation of the elderly in the latter stage of life
- ② Different burden bearing capabilities of the elderly (numbers of insured persons by income level)
- ③ Reduction or exemption of premium and users' expenses at the time of disasters (special adjustment)

*3 Percentage of benefit expenditure bearings for long-term care insurance facilities since FY 2006 are as follows:

(*3) 3 long-term care insurance facilities long-term care insurance facilities and specific facilities designated by prefectures

National	25% → 20%
Prefectures	12.5% → 17.5%
