

## Outline of the Survey

### 1. Objective

The objective of this survey is to grasp the structure and content of long-term care (LTC) services provided nationwide and thereby provide a basis for improving the LTC service infrastructure from the viewpoint of service provision.

### 2. Coverage and Objects

This survey covered the following institutions and establishments nationwide under the Long-Term Care Insurance System, and all of them are the object: 'Establishments providing in-home services for preventive LTC', 'Establishments providing community-based preventive LTC services', 'Establishments providing assistance in receiving preventive LTC', 'Establishments providing in-home services', 'Establishments providing community-based services', Establishments providing assistance in receiving in-home LTC', and 'Institutions covered by the long-term care insurance' [It excludes 'Home-visit rehabilitation service (for preventive LTC)', 'Management and guidance for in-home recuperative care (for preventive LTC)', and deemed Home-visit nursing care (for preventive LTC) and deemed Commuting rehabilitation service (for preventive LTC) provided by medical institutions'] .

As of October 1<sup>st</sup>, 2009

	Number of institutions and establishments covered by this survey 1)	Number of institutions and establishments whose data were collected 2)	Number of institutions and establishments tabulated 3)	Collection rate
Establishments providing in-home services for preventive long-term care				
Establishments providing home-visit care for preventive long-term care	24947	2159	20965	86.2
Establishments providing home-visit bathing service for preventive long-term care	2134	1899	1826	89.0
Home-visit nursing care station for preventive long-term care	5572	5271	5092	94.6
Establishments providing daycare service for preventive long-term care	23366	21793	21632	96.3
Establishments providing commuting rehabilitation service for preventive long-term care	6422	6116	6017	95.2
Establishments providing short-term stay for preventive long-term care	7186	6866	6853	95.5
Establishments providing short-term stay for preventive recuperative care	5207	4931	4686	94.7
Establishments providing preventive long-term care for residents of specified institutions	2896	2800	2791	96.7
Establishments renting assistive equipment for preventive long-term care	6660	5562	5361	83.5
Establishments selling specified assistive equipment for preventive long-term care	6869	5751	5567	83.7
Establishments providing community-based preventive long-term care services				
Establishments providing daycare for preventive long-term care of the elderly with dementia	3233	3025	2861	93.6

Establishments providing care in a small group home setting for the elderly with dementia	9684	9192	9186	94.9
Establishments providing community-based long-term care for residents of specified facilities	119	112	112	94.1
Community-based welfare facilities for the elderly requiring long-term care	257	250	250	97.3
Establishments providing assistance in receiving in-home long-term care	31800	29011	27961	91.2
Institutions covered by the long-term care insurance				
Welfare facility for the elderly requiring long-term care	6127	5878	5876	95.9
Healthcare facility for the elderly requiring long-term care	3611	3464	463	95.9
Sanatorium-type medical care facility for the elderly requiring long-term care	2159	2008	1980	93.0

Note: 1) The number of institutions and establishments surveyed include those who increased its type of service after May 2, 2009 when the respondent was identified.  
2) It indicates the number of institutions and establishments surveyed and whose data were collected.  
3) It indicates the number of active institutions and establishments among those whose data were collected.

### 3. Survey Date

October 1st, 2009

### 4. Survey Items

(1) Institutions Covered by the Long-Term Care Insurance

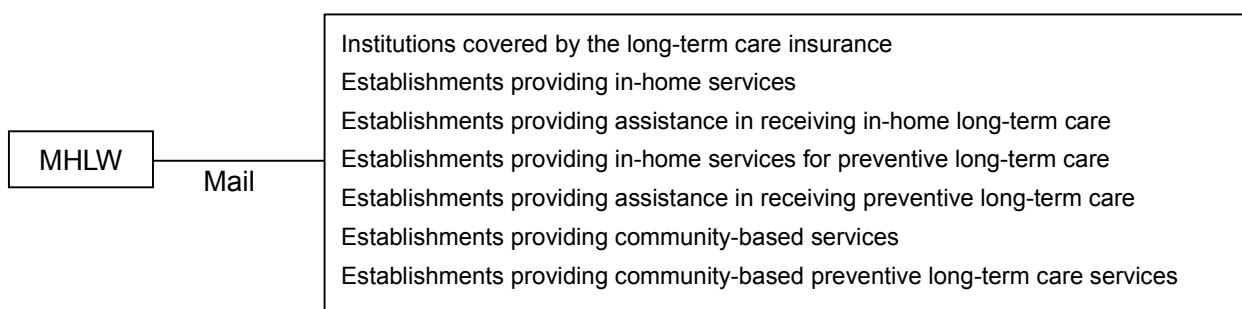

Establishment and management entity, capacity, number of residents, number of workers, status of rooms, etc.

(2) Establishments Providing In-Home Services

Establishment and management entity, number of recipients, number of workers, etc.

### 5. Survey Method and Route

Managers of 'Institutions covered by the long-term care insurance', 'Establishments providing in-home services, and 'Establishments providing assistance in receiving in-home long-term care' etc. filled in the questionnaires.

※ Method and route

Until the 2008 survey, the questionnaires had been distributed and collected by prefectures, designated cities and core cities (some of them had been distributed by mail), and from the 2009 survey, a private company commissioned by MHLW has distributed and collected the questionnaires by mail.
