Policy Planning Division for Environmental Health and Food Safety,  
Food Inspection and Safety Division,  
Pharmaceutical Safety and Environmental Health Bureau

To Press and those who may concern,

Cancellation of Instruction to restrict distribution based on the Act on Special Measures Concerning Nuclear Emergency Preparedness, direction of Director-General of the Nuclear Emergency Response Headquarters

Today, based on the results of inspections conducted until yesterday, the Nuclear Emergency Response Headquarters has cancelled its Instruction of restriction of distribution for Governors of Aomori and Fukushima as follows:

- (1) Wild mushroom (limiting to pholiota nameko) produced in Towada-shi, Aomori prefecture.
- (2) Scorpion fish, Cherry salmon (Sakuramasu) and Brassblotched rockfish in Fukushima offshore.
- (3) Ayu sweetfish(excluding farmed fish) in Abukuma river (limiting lower reaches of Shinobu dam(including its branches)), Fukushima prefecture.
- (4) Common carp(excluding farmed fish) in Abukuma river (including its branches), Fukushima prefecture.

1. With regard to Aomori prefecture, the restriction of distribution of Wild mushroom (limiting to pholiota nameko) produced in Towada-shi is cancelled today.

- (1) The Instruction of the Nuclear Emergency Response Headquarters is attached as attachment 1.
- (2) The application of Aomori is attached as attachment 2.

2. With regard to Fukushima prefecture, the restriction of distribution of Scorpion fish, Cherry salmon (Sakuramasu) and Brassblotched rockfish in Fukushima offshore and Ayu sweetfish (excluding farmed fish) in Abukuma river (limiting lower reaches of Shinobu dam(including its branches)) and Common carp(excluding farmed fish) in Abukuma river (including its branches) is cancelled today.

- (1) The Instruction of the Nuclear Emergency Response Headquarters is attached as attachment 3.
- (2) The application of Fukushima is attached as attachment 4.

3. The list of Instructions on the restriction of distribution and/or consumption of food concerned in accordance with the Act on Special Measures Concerning Nuclear Emergency Preparedness is attached as reference.

Reference: omitted

Attachment 2,4: omitted

Instruction

August 28, 2019

From Director-General of the Nuclear Emergency Response Headquarters  
To Governor of Aomori Prefecture,

The Instruction to the Prefecture on November 7, 2018 based on the Article 20.2 of the Act on Special Measures Concerning Nuclear Emergency Preparedness (Act No. 156, 1999) shall be changed as follows.

1. Restrictive requirements shall apply to heads of municipalities and food business operators concerned not to distribute any wild mushrooms (excluding honey mushroom (naratake), late fall oyster mushroom (mukitake), brick cap mushroom (kuritake) and fried chicken mushroom (hatakeshimeji) ) produced in Aomori-shi for the time being.
2. Restrictive requirements shall apply to heads of municipalities and food business operators concerned not to distribute any wild mushrooms (excluding pholiota nameko, honey mushroom (naratake), bunaharitake mushroom and late fall oyster mushroom (mukitake)) produced in Towada-shi for the time being.
3. Restrictive requirements shall apply to heads of municipalities and food business operators concerned not to distribute any wild mushrooms (excluding honey mushroom (naratake)) produced in Ajigasawa-machi for the time being.
4. Restrictive requirements shall apply to heads of municipalities and food business operators concerned not to distribute any wild mushrooms (excluding honey mushroom (naratake) and brick cap mushroom (kuritake)) produced in Hashikami-cho for the time being.

Instruction

August 28, 2019

From Director-General of the Nuclear Emergency Response Headquarters  
To Governor of Fukushima Prefecture,

The Instruction to the Prefecture on March 28, 2019 based on the Article 20.2 of the Act on Special Measures Concerning Nuclear Emergency Preparedness (Act No. 156, 1999) shall be changed as follows.

1. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume and distribute any non-head type leafy vegetables produced in Minamisoma-shi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 30, 2012), Tomioka-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013), Okuma-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on November 30, 2012), Futaba-machi, Namie-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013), Katsurao-mura (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on June 15, 2012), for the time being.
2. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume and distribute any head type leafy vegetables produced in Minamisoma-shi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 30, 2012), Tomioka-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013), Okuma-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on November 30, 2012), Futaba-machi, Namie-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013), Katsurao-mura (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on June 15, 2012), for the time being.
3. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume and distribute any flowerhead brassicas produced in Minamisoma-shi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 30, 2012), Tomioka-machi, (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013) Okuma-machi (limiting to "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on November 30, 2012), Futaba-machi, Namie-machi (limiting to "areas where it is

expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Katsurao-mura (limiting to areas except ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on June 15, 2012), for the time being.

4. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Turnips produced in Minamisoma-shi (limiting to areas except ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 30, 2012), Tomioka-machi (limiting to ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Okuma-machi (limiting to ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on November 30, 2012), Futaba-machi, Namie-machi (limiting to ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Katsurao-mura (limiting to ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on June 15, 2012), for the time being.
5. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Japanese apricot (Ume) produced in Minamisoma-shi (limiting to area within 20 km radius from the TEPCO’s Fukushima Daiichi Nuclear Power Plant and Planned Evacuation Zones) for the time being.
6. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Yuzus produced in Fukushima-shi and Minamisoma-shi (limiting to areas except ”areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 30, 2012) for the time being.
7. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Chestnuts produced in Date-shi and Minamisoma-shi for the time being.
8. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Kiwi fruits produced in Minamisoma-shi (limiting to area it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 30 2012 within 20 km radius from the TEPCO’s Fukushima Daiichi Nuclear Power Plant) for the time being.
9. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Fukushima-shi (limiting to former Fukushima-shi and former Oguni-mura area), Nihonmatsu-shi (limiting to former Shibukawa-mura area) and Date-shi (limiting to former Sekimoto-mura, former Hashirazawa-mura, former Tominari-mura, former Kakeda-machi, former Oguni-mura and former Tsukidate-machi area) in 2011, for the time being.
10. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in areas subjected to restriction of distribution in advance in 2012 (including Koriyama-shi (limiting to former Fukuyama-machi), Sukagawa-shi (limiting to former Nishifukuro-mura), Miharu-machi (limiting to former Sawaishi-mura), Otama-mura (limiting to former Tamanoi-mura), Fukushima-shi (limiting to former Mizuhara-mura and Tatsugoyama-mura), Iwaki-shi (limiting to former Yamada-mura) and Kawamata-machi (limiting to former Iizaka-mura)), for the time being; provided, however, that this shall not apply to rice produced in 2012, which is controlled under the management policy set by Fukushima prefecture.

11. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in areas preparing for resumption of rice farming and areas where all rice farming and shipment are managed by local governments in 2013; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
12. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-shi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 30 2012), Kawamata-machi (limiting to "areas in which the residents are not permitted to live" and "areas to which evacuation orders are ready to be lifted" designated by the Instruction on August 7 2013), Naraha-machi, Tomioka-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7 2013), Okuma-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on November 30 2012), Futaba-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on May 7 2013), Namie-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7 2013), Kawauchi-mura (limiting to "Areas in which the residents are not permitted to live" and "Areas to which evacuation orders are ready to be lifted" designated by the Instruction on March 30 2012), Katsurao-mura (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7 2013) and Iitate-mura (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on June 15 2012) in 2014; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
13. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-shi (limiting to "areas in which the residents are not permitted to live" and "areas to which evacuation orders are ready to be lifted" designated by the Instruction on March 30, 2012), Kawamata-machi (limiting to "Areas in which the residents are not permitted to live" and "areas to which evacuation orders are ready to be lifted" designated by the Instruction on August 7, 2013), Naraha-machi, Tomioka-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013), Okuma-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on November 30, 2012), Futaba-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on May 7, 2013), Namie-machi (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013), Kawauchi-mura (limiting to "areas in which the residents are not permitted to live" and "areas to which evacuation orders are ready to be lifted" designated by the Instruction on March 30, 2012), Katsurao-mura (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to areas except "areas where it is expected that the residents have difficulties in returning for a long time" designated by the Instruction on June 15, 2012) in 2015; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
14. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-shi (limiting to "areas in which the

residents are not permitted to live” and “areas to which evacuation orders are ready to be lifted” designated by the Instruction on March 30, 2012), Kawamata-machi (limiting to “areas in which the residents are not permitted to live” and “areas to which evacuation orders are ready to be lifted” designated by the Instruction on August 7, 2013), Naraha-machi, Tomioka-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Okuma-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on November 30, 2012), Futaba-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on May 7, 2013), Namie-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Kawauchi-mura (limiting to “areas to which evacuation orders are ready to be lifted” designated by the Instruction on September 12, 2014), Katsurao-mura (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on June 15, 2012) in 2016; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.

15. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Minamisoma-shi (limiting to “areas in which the residents are not permitted to live” and “areas to which evacuation orders are ready to be lifted” designated by the Instruction on March 30, 2012), Kawamata-machi (limiting to “areas in which the residents are not permitted to live” and “areas to which evacuation orders are ready to be lifted” designated by the Instruction on August 7, 2013), Tomioka-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Okuma-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on November 30, 2012), Futaba-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on May 7, 2013), Namie-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Kawauchi-mura (limiting to “areas to which evacuation orders are ready to be lifted” designated by the Instruction on September 12, 2014), Katsurao-mura (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013) and Iitate-mura (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on June 15, 2012) in 2017; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
16. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Kawamata-machi (limiting to “areas in which the residents are not permitted to live” and “areas to which evacuation orders are ready to be lifted” designated by the Instruction on August 7, 2013), Tomioka-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Okuma-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on November 30, 2012), Futaba-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on May 7, 2013), Namie-machi (limiting to areas except “areas where it is expected that the residents have

difficulties in returning for a long time” designated by the Instruction on March 7, 2013) in 2018; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.

17. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any rice produced in Okuma-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on November 30, 2012) and Futaba-machi (limiting to areas except “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on May 7, 2013) in 2019; provided, however, that this shall not apply to rice which is controlled under the management policy set by Fukushima prefecture.
18. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute raw milk produced in Minamisoma-shi (limiting to “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 30, 2012), Tomioka-machi (limiting to “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Okuma-machi, Futaba-machi, Namie-machi (limiting to “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013), Katsurao-mura (limiting to “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on March 7, 2013 ) and Iitate-mura (limiting to “areas where it is expected that the residents have difficulties in returning for a long time” designated by the Instruction on June 15, 2012) for the time being.
19. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume any log-grown Shiitakes (outdoor cultivation) produced in Iitate-mura for the time being.
20. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitakes (outdoor cultivation) produced in Fukushima-shi, Nihonmatsu-shi, Date-shi, Motomiya-shi, Soma-shi, Minamisoma-shi, Tamura-shi (limiting to area within 20 km radius from the TEPCO’s Fukushima Daiichi Nuclear Power Plant), Kawamata-machi, Namie-machi, Futaba-machi, Okuma-machi, Tomioka-machi, Naraha-machi, Hirono-machi, Iitate-mura, Katsurao-mura and Kawauchi-mura (limiting to area within 20 km radius from the TEPCO’s Fukushima Daiichi Nuclear Power Plant) for the time being.
21. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitakes (indoor cultivation) produced in Date-shi for the time being; provided, however, that this shall not apply to log-grown Shiitakes which is controlled under the management policy set by Fukushima prefecture.
22. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown Shiitakes (indoor cultivation) produced in Kawamata-machi for the time being.
23. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any log-grown pholiota nameko (outdoor cultivation) produced in Soma-shi and Iwaki-shi for the time being.
24. Restrictive requirements shall apply to heads of relevant municipalities, food business operators concerned and residents not to consume any wild mushrooms gathered in Minamisoma-shi, Iwaki-shi and Tanagura-machi for the time being.
25. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushrooms produced in Fukushima-shi, Nihonmatsu-shi, Date-shi, Motomiya-shi, Koriyama-shi, Sukagawa-shi, Tamura-shi Shirakawa-shi, Aizuwakamatsu-shi, Kitakata-shi, Soma-shi, Minamisoma-shi, Iwaki-shi, Kori-machi, Kunimi-machi, Kawamata-machi,

Kagamiishi-machi, Ishikawa-machi, Asakawa-machi, Furudono-machi, Miharu-machi, Ono-machi, Yabuki-machi, Tanagura-machi, Yamatsuri-machi, Hanawa-machi, Bandai-machi, Inawashiro-machi, Aizubange-machi, Yanaizu-machi, Mishima-machi, Shimogo-machi, Hirono-machi, Naraha-machi, Tomioka-machi, Okuma-machi, Futaba-machi, Namie-machi, Shinchichi-machi, Otama-mura, Tenei-mura, Tamakawa-mura, Hirata-mura, Nishigo-mura, Izumizaki-mura, Nakajima-mura, Samekawa-mura, Kitashiobara-mura, Showa-mura, Kawauchi-mura, Katsurao-mura and Iitate-mura for the time being.

26. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushrooms (excluding pholiota nameko and late fall oyster mushroom) produced in Nishiaizu-machi for the time being.
27. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushrooms (excluding late fall oyster mushroom) produced in Aizumisato-machi for the time being.
28. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild mushrooms (excluding pholiota nameko, late fall oyster mushroom, brick cap mushroom and Grifola frondosa (maitake)) produced in Tadami-machi for the time being.
29. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Bamboo shoots produced in Fukushima-shi, Nihonmatsu-shi, Date-shi, Motomiya-shi, Koriyama-shi, Sukagawa-shi, Tamura-shi, Shirakawa-shi, Soma-shi, Minamisoma-shi, Iwaki-shi, Kori-machi, Kawamata-machi, Miharu-machi, Hirono-machi, Naraha-machi, Shinchichi-machi, Otama-mura, Tenei-mura, Nishigo-mura, Kawauchi-mura and Katsurao-mura for the time being.
30. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Wasabi (limiting to field cultivation) produced in Date-shi, however, that this shall not apply to Wasabi which is controlled under the management policy set by Fukushima prefecture.
31. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Wasabi (limiting to field cultivation) produced in Kawamata-machi (limiting to Yamakiya area), for the time being.
32. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild *Aralia cordata* produced in Sukagawa-shi, Souma-shi, Hirono-machi, Naraha-machi, Kawauchi-machi and Katsurao-mura for the time being.
33. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild *Uwabamisou* produced in Sukagawa-shi and Kunimi-machi for the time being.
34. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Ostrich ferns produced in Fukushima-shi, Nihonmatsu-shi, Date-shi, Koriyama-shi, Tamura-shi, Soma-shi, Kori-machi, Kunimi-machi, Kawamata-machi, Furudono-machi, Miharu-machi, Hirono-machi, Naraha-machi, Otama-mura and Katsurao-mura for the time being.
35. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Wild ostrich ferns produced in Minamisoma-shi for the time being.
36. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any *Koshiabura* produced in Fukushima-shi, Nihonmatsu-shi, Date-shi, Motomiya-shi, Koriyama-shi, Sukagawa-shi, Tamura-shi, Shirakawa-shi, Aizuwakamatsu-shi, Kitakata-shi, Soma-shi, Minamisoma-shi, Iwaki-shi, Kori-machi, Kunimi-machi, Kawamata-machi, Kagamiishi-machi, Ishikawa-machi, Asakawa-machi, Furudono-machi, Miharu-machi, Ono-

machi, Yabuki-machi, Tanagura-machi, Yamatsuri-machi, Hanawa-machi, Bandai-machi, Inawashiro-machi, Aizubange-machi, Yanaizu-machi, Mishima-machi, Kanayama-machi, Aizumisato-machi, Shimogo-machi, Minamiaizu-machi, Hirono-machi, Shinchi-machi, Otamura, Tenei-mura, Tamakawa-mura, Hirata-mura Nishigo-mura, Izumizaki-mura, Nakajima-mura, Samegawa-mura, Kitashiobara-mura, Showa-mura, Kawauchi-mura and Katsurao-mura for the time being.

37. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Wild Koshiabura produced in Nishiaizu-machi and Tadami-machi for the time being.
38. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Japanese royal ferns produced in Nihonmatsu-shi, Koriyama-shi, Sukagawa-shi, Tamura-shi, Soma-shi, Minamisoma-shi, Iwaki-shi, Kawamata-machi, Narahamachi, Kawauchi-mura and Katsurao-mura for the time being.
39. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild Japanese royal ferns produced in Hirono-machi and Otamura for the time being.
40. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild Aralia sprout produced in Fukushima-shi, Nihonmatsu-shi, Date-shi, Motomiya-shi, Koriyama-shi, Sukagawa-shi, Tamura-shi, Shirakawa-shi, Soma-shi, Minamisoma-shi, Iwaki-shi, Kori-machi, Kawamata-machi, Kagamiishi-machi, Furudono-machi, Hanawa-machi, Inawashiro-machi, Hirono-machi, Shinchi-machi, Otamura, Kitashiobara-mura, Nishigo-mura, Izumizaki-mura, Samegawa-mura, Kawauchi-mura and Katsurao-mura for the time being.
41. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Giant butterbur produced in Katsurao-mura for the time being.
42. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild Giant butterbur produced in Kori-machi, Narahamachi and Tenei-mura for the time being.
43. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild Japanese butterbur scape produced in Fukushima-shi, Date-shi, Motomiya-shi, Soma-shi, Minamisoma-shi, Kori-machi, Kunimi-machi, Kawamata-machi, Hironomachi, Narahamachi and Katsurao-mura for the time being.
44. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any Pteridium aquilinum produced in Date-shi, Minamisoma-shi, Kawamata-machi, Narahamachi, Samegawa-mura and Katsurao-mura for the time being.
45. Restrictive requirements shall apply to heads of relevant municipalities and food business operators concerned not to distribute any wild Pteridium aquilinum produced in Fukushima-shi, Nihonmatsu-shi, Kitakata-shi and Hirono-machi for the time being.
46. Restrictive requirements shall apply to food business operators concerned not to distribute any Ocellate spot skate and Venus clam captured in Fukushima offshore, for the time being.
47. Restrictive requirements shall apply to food business operators concerned not to distribute any Ayu (excluding farmed fish) captured in Mano River (including its branches) and Niida River (including its branches) in Fukushima prefecture for the time being.
48. Restrictive requirements shall apply to food business operators concerned not to distribute any Chars(Iwana) (excluding farmed fish) captured in Onogawa lake, Hibara lake and rivers flowing into these Lakes (including its branches), and Abukuma river in Fukushima prefecture (including its branches), for the time being.
