

Health Information in the New Era

Agenda Overview

Wednesday 12 October

Morning	<p>Opening Ceremony</p> <p>Including:</p> <ul style="list-style-type: none"> Keynote Presentation - Margaret Chan, World Health Organization The ICD for Global Health - World Health Organization panel <p>For full agenda, please see Opening Ceremony Booklet</p>
Afternoon	<p>Traditional Medicine Side Event</p>
14:00 - 16:30	

Thursday 13 October

Morning	<p>Health information in the new era</p> <p>The ICD Revision process</p> <ul style="list-style-type: none"> ICD-11 2016 Release for Member State Comment Launch of the Medical and Scientific Advisory Committee (MSAC)
Afternoon	<p>ICD-11 advances and use</p> <p>Side Sessions:</p> <ul style="list-style-type: none"> Future Data Needs and the Family of Classifications Global Data Developments for Women's and Children's Health
Evening	<p>Gala Dinner</p>
18:00	

Friday 14 October

Morning	<p>Traditional Medicine</p> <p>Health Financing</p> <p>ICD-11 Informatics and Tooling</p> <p>Side sessions:</p> <ul style="list-style-type: none"> Mental Health Leaving No-One Behind
Afternoon	<p>ICD Way Forward</p> <p>Meeting Closure</p>
14:00 - 16:00	

Wednesday 12 October Opening Ceremony

Health Information in the New Era

8:30 - 09:30	Registration	
09:00	Convene for Opening Ceremony	Hall A
Opening Ceremony		
09:30	Opening Ceremony and Official Remarks (please see Opening Ceremony Booklet)	
10:30	Keynote Presentation: Margaret Chan, World Health Organization	
Break		
Opening Sessions		
11:00	Presentation from International Hospital Federation	
11:30	ICD for Global Health: World Health Organization panel Facilitator: Iles Boerma, WHO <ul style="list-style-type: none"> ICD-11: Better information for health - James Harrison, Flinders University ICD-11: Capturing the advances in medical knowledge - Stefanie Weber, German Institute of Medical Documentation and Information (DIMDI) Getting ICD ready for the future (informatics) - Christopher G. Chute, Johns Hopkins University School of Medicine 	
Break		

Wednesday 12 October (Side Event)

Developing and using a common language for counting Traditional Medicine conditions

14:00 – 15:30 Opening remarks

Room G610 Dr. Margaret Chan, World Health Organization

* introductory remarks by H. Sato, Japan Liaison of Oriental Medicine (ILOM)

Panel presentations

Moderators: Kenji Watanabe & Rosemary Roberts, ICTM PAG Members

- The case for better TM data to support implementation of the WHO TM Strategy - Zhang Qi, WHO
- ICD-11 TM chapter (Module 1) – development, features, and maintenance arrangements - Nenad Kostanjsek, WHO
- Japan: Current state of TM information and prospects for using the ICD-11 TM chapter - Hiroshi Sato, Japan Liaison of Oriental Medicine (ILOM)
- Moving towards implementing the ICD-11 TM chapter in China - Lessons learned from implementing a national TM diagnostic classification system (GB 95197) - Wang Xiaopin, State Administration for Traditional Chinese Medicine (SATCM)

Break

14:00 – 17:00

Room G610

- Using TM Code sets of the Korean Disease Classification (KCD) – What difference does it make for the Korean Health System - Nam Jeomsoon, Ministry of Health and Welfare of the Republic of Korea
- Potential benefits and uses of the ICD-11 TM chapter for clinical research - Peter Fisher, Royal London Hospital for Integrated Medicine
- Training acupuncturists in coding with ICD-9 & 10 – Lessons learned and implications for using the ICD-11 TM chapter - Samuel A. Collins, American Acupuncture Council Insurance Network
- Joint Morbidity coding with TM and other ICD chapters - Rosemary Roberts, ICTM PAG Member
- Prospects of using the ICD-11 TM chapter in comparative effectiveness research - Charlie Xue, Chinese Medicine Board of Australia
- Classifications of other forms of TM: Ayurveda - P.N. Ranjit Kumar, Ministry of Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homeopathy (AYUSH)

Conclusion

Thursday 13 October

Main Conference

8:30 – 09:30 Registration

Visit the WHO Consultation Desk

Session: Health information in the new era

Moderator: Stefanie Weber, DIMDI

Room B7

Global data priorities: the role and value of ICD

Moderator: Ties Boerma, WHO

Data Challenges for the Sustainable Development Goals

Moderator: Raj Mitra, United Nations Department of Economic and Social Affairs (UNDESA)

The RELACSIS agenda in Latin America and Caribbean region

Moderator: Gerardo de Góto, WHO AMRO

ICD in Japan: lessons from implementing ICD-10

Moderator: Kei Mori, Ministry of Health, Labour and Welfare of Japan

Panel Discussion

Break

11:15 – 12:30

Room B7

Session: The ICD Revision Process

Moderator: Ties Boerma, WHO

ICD-11 Use Case

Moderator: Stefanie Weber, DIMDI

ICD-11 Design Process

Moderator: James Harrison, Henders University

ICD-11 Business Model and Future Governance

Moderator: Christopher G. Chute, Johns Hopkins University

Moderator: Naoko Tajima, The Jikei University

Panel Discussion

ICD-11 2016 Release for Member State Comment and launch of the WHO ICD-11 Medical and Scientific Advisory Committee

Moderator: Ties Boerma, WHO

Lunch break

Visit the WHO Consultation Desk

Thursday 13 October (continued)

14:00 - 15:30 Room B7	<p>Session: ICD-11 advances and use</p> <p>Infectious diseases</p> <p>Neoplasms</p> <p>Skin</p> <p>Diabetes</p> <p>Allergy</p>	<p>Moderator: Robert Jakob, WHO</p> <p>Olaf Steinum, Nordic Centre for Classifications in Health Care</p> <p>Sherri De Coronado, National Cancer Institute (NCI)</p> <p>Robert Chalmers, University of Manchester School of Medicine</p> <p>Naoko Tajima, The Jikei University School of Medicine</p> <p>Luciana Ianno, University Hospital of Montpellier</p>	<p>Side Session:</p> <p>Future Data Needs and the Family of Classifications (detail below)</p> <p>Room G510</p> <p>Chair: Jenny Hargreaves, Australian Institute of Health and Welfare</p> <p>Rapporteur: Alarcos Cieza, WHO</p>
