	Page	Item	Points of notice	Example		
Application Form	9	Name	Write your name, and affix a seal or sign below			
		Date (bottom line of the Form)	Indicate the date when you submit the Application Form to the office.			
Statement	10	1-(1) Address or place of evacuation at that time	If you were evacuated, please write the address of the evacuation site.			
	11	2-(1) Direct atomic bomb survivor or sea atomic bomb survivor	B	Write what you were doing at the time of atomic bombing.	After families left home after breakfast, I was washing dishes at the kitchen.	
			C	Please include the persons who have died.		
			E	Please describe the situation of you and your surroundings.	I saw a flash, and got injured in the left hand by window glass that was broken by the blast wave. Fortunately, my mother and the eldest daughter did not get injured because they were in a back room. All the furniture was broken, half of the ceiling sank, and it was terrible.	
			F	Please describe your behavior of that day following the atomic bombing in order.	I evacuated to a bamboo grove in Oshiba, together with my mother and the eldest daughter. Subsequently, we evacuated to the mountain of Mitaki, which was awash with people from everywhere of the city. We three stayed still in the mountain. There were many people with burns, and it was disastrous.	
			G	Please describe your behavior from the day following the atomic bombing (August 7th for Hiroshima and August 10th for Nagasaki), until August 20th for Hiroshima, and until August 23rd for Nagasaki, in order.	On the following day, we left the mountain and went home in the early morning. The house was damaged, but we managed to live in it. My husband, Taro, did not come home from his office (Company A in Minami Kannon-machi). I was worried, but decided to start fixing the furniture and ceiling with my mother. Just then, my husband came home, seemingly fine without an injury. So we fixed the house together, and lived on.	
	12	2-(2) Atomic bomb survivor due to entering Hiroshima or Nagasaki City	First entry	C	If there were multiple destinations, please indicate all of them.	Tsurumi-cho (near the west end of the Tsurumi Bridge) Senda-machi (our home)
				D	If there were multiple purposes, please indicate all of them.	Taro, our eldest son, had not come home from the building evacuation work near the Tsurumi Bridge, to which he was sent from ** Junior High School. So I went to see whether he was safe. Also, I went to check the status of our home.
				E	Please describe how your entry turned out, and its process.	When I came to Tsurumi-machi, I found that the neighborhood was completely burnt down. I also searched around the City Hall and the relief station of Japanese Red Cross Hospital, but could not find my son. Subsequently, I went to our home in Senda-machi, but nothing remained after burning down. So I gave up and returned to the place of evacuation.
				F	Please indicate the municipal name at that time, landmarks and/or transportations in order, through your route from the place of departure to the destination. If you took different routes to and from the destination, please indicate both.	walk ship walk Place of evacuation → Kamagari Port → Ujina Port → walk Monopoly Bureau → Hijiyama Bridge → Tsurumi Bridge → walk Kokutaiji → Japanese Red Cross Hospital → Senda-machi → ship walk Ujina Port → Kamagari Port → Place of evacuation
				G	Please describe impressions of the city that you remember from the time of entry.	Everywhere was completely destroyed by fire. I smelled a strange smell. The road was out of control, so I walked in line with the railroad. I looked into the river from the bridge, and saw dead bodies were still floating.
				H	Please include the persons who have died.	
				I	Please include the persons who have died.	
				A	Make sure to circle either I or 2. If you circled 1, B to D need not be filled.	2 Yes (Dates of entry: August 18th, 20th, __th, __th)
				B	Please indicate the destination, route and purpose of entry, for each entry.	Because the war ended, I went to Senda-machi by the same route as my first entry, to clean up the site of our home.
				C	Please include the persons who have died.	
	D	Please include the persons who have died.				
	14	2-(3) Atomic bomb survivor due to involvement in relief activities, disposal of the dead etc.	D	Why were you involved during the specified days? 				G	Please include the persons who have died.	
				H	Please describe specifically the surrounding situations during the relief activities etc., and activities you did.	When I arrived, many people with terrible burns and injuries were being cared. I applied external medicine and bandage to them, wiped their bodies, etc.
