

3. Notes

(1) Symbols used in the table

Quantity zero	—
Data not available or applicable	...
Item/Category not applicable	•
Percentage, etc., insignificant (less than 0.05%)	0.0
Decreased number or percentage	△
Note that the Hospital Report includes the following items.	
[-] If there is a hospital or hospital beds but no figures to be recorded	
[•] If there is no hospital or hospital beds and therefore no figures to be recorded	

(2) Values presented are rounded and the sums of the items do not always match the totals.

(3) The total population data from the “Population Estimates (as of 1st October 2023)” (Statistics Bureau, Ministry of Internal Affairs and Communications) is used to calculate the rates per 100,000 population.
