

Comprehensive Survey of Living Conditions [Household questionnaire] (Survey on June 4, 2009)

For Enumerator Use											
Area number								Unit area number			Household number

Name of Public Health Center _____

Name of enumerator _____

This survey is a fundamental statistical survey implemented by the government under the Statistics Act. Confidentiality is strictly maintained. Please state the situation as it is.

- < Instructions >**
- Read "How to fill out the form" and carefully fill out the questionnaire.
 - If you have questions in filling out the form, ask the enumerator when he/she visits you to pick up the questionnaire.
 - Use a ballpoint pen with black ink if possible.
 - Right-align figures and circle applicable numbers.

Please provide answers about the status of your household as of June 4, 2009.

- Household means a group of people (household members) who usually live together in the same residence and share the same household income.
- Household members include people who are temporary absent from their residence (within 3 months) for travel purpose, etc. and who move their working place from one to another such as sailor.
Household members include those who are admitted to hospitals or facilities, but exclude people whose resident registrations are transferred to facilities.
