

## 平成21年度 福祉行政報告例結果の概況

厚生労働省では、福祉行政運営の基礎資料を得ることを目的に、その施行状況を把握する「福祉行政報告例結果」を、各都道府県、指定都市及び中核市からの報告をもとに毎年作成しています。

報告をとりまとめているのは、生活保護、身体障害者福祉、障害者自立支援、特別児童扶養手当、知的障害者福祉、老人福祉、婦人保護、民生委員、社会福祉法人、児童福祉、母子保健、児童扶養手当、戦傷病者特別援護、中国残留邦人等支援給付金の14の行政分野です。

このほど平成21年度の結果をとりまとめましたので公表します。

### 【報告結果のポイント】

#### <生活保護>

- ・ 1か月平均の被保護世帯数は、1,274,231世帯で過去最高となった
- ・ 1か月平均の被保護実人員は、1,763,572人
- ・ 保護開始の主な理由は、「働きによる収入の減少・喪失」とした世帯が31.6%で、前回調査までの「傷病による」に代わって、初めて首位に

#### <児童福祉>

- ・ 児童相談所での児童虐待相談の対応件数は、44,211件

## Report on Social Welfare Administration and Services 2009

Ministry of Health, Labour and Welfare creates “Report on Social Welfare Administration and Services” every year based on reports from every prefecture, designated city and core city to obtain basic data for the conduct of social welfare administration.

The report concerns the following 14 administrative categories: Public assistance, Welfare of physically disabled persons, Services and Supports for person with disability, Special allowance for child rearing, Welfare of mentally retarded persons Welfare, Social welfare service for elderly, Woman’s protection, Welfare volunteers, Social welfare foundations, Child welfare, Maternal and child health, Child rearing allowance, Special aid to the wounded and sick retired soldiers, and Assistance benefit for remaining Japanese in China.

2009 report results are as follows:

### 【Digest of Summary Report】

#### <Public Assistance>

- The monthly average number of households receiving public assistance was 1,274,231, and hit record high.
- The monthly average actual number of recipients was 1,763,572.
- Concerning the main reason to start receiving public assistance, “Decrease in income / job loss” accounted for 31.6%. It became the top for the first time replacing “injuries and diseases” which had been the top until the previous survey.

#### <Child Welfare>

- The number of cases disposed about child abuse at child guidance centers were 44,211.
