### 3 Survey Date

October 1, 2010

### 4 Survey Items

Questionnaire for institutions: Type of institution, name of institution, address, establishment entity and administrative body, capacity, status of users, status of employees, etc.

Questionnaire for establishments of social welfare service for persons with disabilities etc: Type of establishment, name of establishment, address, administrative body, type of service, method of provision and status of provision, number of staffs, etc.

### 5 Survey Method and Route

#### \* Regarding survey method and route:

Distribution and collection of questionnaires up to the 2008 survey was carried out by prefectures, designated cities and core cities for social welfare institutions, and by post from the Ministry of Health, Labour and Welfare for social welfare service establishments for persons with disabilities and consultation support establishments. From the 2009 survey, all questionnaires were delivered and collected by a private enterprise under a commission contract from the Ministry of Health, Labour and Welfare.

## 6 Tabulation of Results

Statistics and Information Department of the Minister's Secretariat at the Ministry of Health, Labour and Welfare conducted the tabulation.

## 7 Explanatory Notes

(1) Meaning of the symbols:

Figure does not exist	—
Statistic is not possible	▪
Figure unknown or unsuitable for representation	...
Less than half of one represented unit	0, 0.0

(2) Active institutions and establishments were tabulated among those collected.

(3) In this summary report, sums of figures given in breakdowns may not agree with "totals" due to rounding.
