

## Appendix

### (1) Employment status

According to “FY2015 Population Census of Japan”, the labour force status is classified as follows.

**Employed:** People who were on the some payroll (including employed persons who were taking leaves).

**Unemployed:** People who were able to work and sought a job at Public Employment Security Offices (Hello Works) and so on among people who were not on any payroll.

**Not in labour force:** People left of absence from work and others except complete unemployed among people who were not on the any payroll.

In this Statistics, the sum of above “Unemployed” and “Not in labour force” are referred to as the “Non-employed”.
