ASEAN Health Clusters and Health Priorities 2021-2025

Promoting healthy lifestyle

1. Prevention and control of NCDs
2. Reduction of tobacco consumption and harmful use of alcohol
3. Prevention of injuries
4. Promotion of occupational health
5. Promotion of mental health
6. Promotion of healthy and active ageing
7. Promotion of good nutrition and healthy diet

AHC 1

AHC 2

Responding to all hazards and emerging threats

8. Prevention and control of communicable diseases, emerging infectious diseases, neglected tropical diseases, and zoonotic diseases
9. Regional preparedness and response to public health emergencies
10. Strengthening laboratory capacity
11. Combating antimicrobial resistance
12. Environmental health, health impact assessment and health impact of climate change
13. Disaster health management

AHC 3

Strengthening health systems and access to care

14. Traditional and complementary medicine
15. Reproductive, maternal, neonatal and child health
16. Universal health coverage, including health financing and health service delivery
17. Migrants' health
18. Pharmaceutical development
19. Human resources for health
20. Digital health and health information system

AHC 4

Ensuring food safety

21. Food safety

Vision:
A Healthy,
Caring and
Sustainable
ASEAN
Community

**Political Declaration
of the High-level Meeting on Universal Health Coverage
“Universal health coverage: moving together to build a healthier world”**

We, Heads of State and Government and representatives of States and Governments, assembled at the United Nations on 23 September 2019, with a dedicated focus for the first time on universal health coverage, reaffirm that health is a precondition for and an outcome and indicator of the social, economic and environmental dimensions of sustainable development and the implementation of the 2030 Agenda for Sustainable Development, and strongly recommit to achieve universal health coverage by 2030, with a view to scaling up the global effort to build a healthier world for all, and in this regard we:

1. Reaffirm the right of every human being, without distinction of any kind, to the enjoyment of the highest attainable standard of physical and mental health;
2. Reaffirm General Assembly Resolution 70/1 of September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”, stressing the need for a comprehensive and people-centered approach, with a view to leaving no one behind, reaching the furthest behind first, and the importance of health across all the goals and targets of the 2030 Agenda for Sustainable Development, which are integrated and indivisible;
3. Reaffirm General Assembly Resolution 69/313 of 27 July 2015 on the Addis Ababa Action Agenda of the Third International Conference on Financing for Development, which reaffirmed strong political commitment to address the challenge of financing and creating an enabling environment at all levels for sustainable development in the spirit of global partnership and solidarity;

ASIAN Center for Active Ageing and Innovation (ACAII)

The ASEAN Centre for Active Ageing and Innovation (ACAII) is an ASEAN centre to enhance better life quality of ageing and well prepare ASEAN to be ready for ageing society in the future. The Centre is another deliverable of Thailand's ASEAN Chairmanship under the theme of “Advancing Partnership for Sustainability”.

ASEAN Plus Three Universal Health Coverage Network aims to share and collectively build up the national and regional capacity to assess and manage the equitable and efficient health systems to support UHC

Progress of the realization
towards UHC by AMS

Key regional instruments which affirm and promote active ageing, and the rights and welfare of older persons in ASEAN

Kuala Lumpur Declaration on Ageing: Empowering Older Persons in ASEAN

Adopted by the 27th ASEAN Summit in 2015

Regional Plan of Action on Implementing Kuala Lumpur Declaration on Ageing: Empowering Older Persons in ASEAN

Noted by the 38th and 39th ASEAN Summit in 2021

10 commitments under Regional Plan of Action

1. Promote shared responsibilities in supporting care givers
2. Promote intergenerational solidarity
3. Promote rights-based/needs-based and life-cycle approach, and eliminate all forms of maltreatment base on old age
4. Mainstream ageing into public policies and national development plans, programmes
5. Promote the development of human capital
6. Development of reliable, evidence-based, gender-disaggregated data on ageing
7. Strengthen capacity of all stakeholders and improve delivery services at all levels
8. Encourage development of older people's associations or other form of networking
9. Promote age-friendly communities/cities
10. Build and strengthen networking and partnership within and among AMS, and with other partners

Strengthening Social Work and the Social Service Workforce in ASEAN

ASEAN Labour SECTOR

ASEAN Labour Ministers' Statement on Improving Occupational Safety and Health for Sustainable Economic Growth 2017

https://asean.org/wp-content/uploads/2017/09/SIGNED_ASEAN-Labour-Ministers-Statement-on-Improving-OSH-for-Sustainable-Economic-Growth.pdf

- Protect safety, health and welfare of workers in ASEAN by:
- Raising OSH standards through developing and regularly reviewing OSH legislation relevant with the changing world
 - Building OSH inspection capabilities and capacities to ensure that inspectorates are adequately resourced and skilled to enforce their OSH legislation
 - Enhancing collection of OSH data through ASEAN-OSHNET scorecard
 - Promoting sharing of experiences, best practices and knowledge on OSH through capacity building activities
 - Improving private sector OSH capability through ASEAN-OSHNET Awards
 - Reducing social costs of injury and illness

ASEAN-OSHNET's Guide for the Development of a Common Risk Management Framework 2019

Guidelines on Occupational Safety and Health (OSH) Risk Management for Small and Medium Enterprises in ASEAN Member States 2020

Support the undertaking of AMS in the Joint Statement on Improving Occupational Safety and Health for Sustainable Economic Growth to strengthen risk management capabilities in ASEAN which provides the foundation to improve OSH standards.

[https://asean.org/wp-content/uploads/2012/05/Endorsed ASEAN-OSHNETs-Guidelines-for-Development-of-A-Common-Risk-Mana...pdf](https://asean.org/wp-content/uploads/2012/05/Endorsed_ASEAN-OSHNETs-Guidelines-for-Development-of-A-Common-Risk-Mana...pdf)

Provide a systematic and objective approach to identifying the hazard, assessing the risk, controlling the risk and monitoring and reviewing the risk management process and performance to ensure continuous improvement in small and medium-sized enterprises (MSMEs).

ASEAN Declaration on Portability of Social Security Benefits for Migrant Workers in ASEAN and Its Guidelines

Declaration:

<https://asean.org/wp-content/uploads/2022/11/30-ASEAN-Declaration-on-Portability-of-Social-Security-Benefits-for-Migrant-Workers-in-ASEAN.pdf>

Guidelines:

<https://asean.org/wp-content/uploads/2024/10/43-Final-ASEAN-Guidelines-on-Portability-of-Social-Security-Benefits-for-Migrant-Workers-in-ASEAN.pdf>

Explore the feasibility and potential towards the portability of social security benefits for migrant workers in ASEAN through:

- Appropriate and comprehensive migration policies
- Establishment and conclusion of bilateral and/or multilateral agreements or memorandums of cooperation
- Conduct of research/study
- Use of technology for labour migration and social security benefits management and administration
- Strengthening of the capability and performance of relevant officials

Guidelines:

provide guidance to establish portability of social security benefits in the region

Old-Age Income Security in ASEAN Member States: Policy Trends, Challenges and Opportunities

Highlights the urgency of measures to reduce the old-age pension coverage gap, increase benefit adequacy and improve financial sustainability of pension systems.
