

Sum up of radionuclide test results reported in FY2020  
(Up-to-date Report as of 31 December 2020)

- 1) The products which are exceeding limits will be taken appropriate measures, such as disposing.
- 2) The underlined items indicate marketed products, which is informed at the reporting of test results from local government, emergency monitoring and National Institute of Health Sciences.
- Not elsewhere specified, the items are marketed within the prefecture indicated in the Food origin column.
- 3) Items which are exceeding limits are divided between "items which are not under cultivation/feeding management" and "items which are under cultivation/feeding management", just for reference.

Food origin (Prefecture)	Food group	Number of food samples tested	Number of foods positive at levels exceeding limits (action levels)	Food concerned (numbers)
