

3. Reagents

For reagents for analyses by the test methods stipulated in chapter II and III, use the reagents listed in test methods of II and III, in Section C *Reagents/Test Solutions, Etc.*, Part II *Food Additives* in MHLW Notification No. 370, or in the following attachment.

Attachment of reagents (see “Attachment”)

Reagents designated as “special grade” must meet the requirements for “special grade” specified in the Japan Industrial Standards for the reagents.
