Labour Supply and Demand Adjustment Services provided by Persons other than Employment Security Bodies

Overview Labour Supply and Demand Adjustment System

Employment Measures for Young People

Overview

Major Employment Measures for Young People in FY 2022

1 Steady implementation of initiatives based on the Act on Promotion of Youth Employment

- Based on the Act on Promotion of Youth Employment (Act on Employment Promotion, etc. of Youth. Law No. 98 of 1970), the following are to be implemented: 1) a system, for providing workplace information by enterprises recruiting new graduates, 2) implementing a certification system of small and medium-sized enterprises excellent in employment management of the young people (Youth Yell Certification System).

2 Employment support for new graduates and non-new graduates

- "New Graduate Support Hello Works" in all prefectures to provide one-stop support to new graduates and those who have already graduated within about 3 years are being set up, thereby getting the detailed job support by the "employment support navigator" in cooperation with the schools, etc.
- Through the guidelines of the Act on Promotion of Youth Employment, by promoting the treatment as new graduates of those who have already graduated within 3 years, etc., the support for "not allowing applicants to give up to find job" even after graduation will be continued, and employment and recruitment will be supported.

3 Promotion of regular employment of job-hopping part-time workers, etc.

- Support for job-hopping part-time workers, etc. at Hello Work for Youth
 - In addition to ordinary vocational guidance/job placements and job offer developments, etc., close individual support from assigned consultants, appointment based vocational guidance/job placements, interview simulations, guidance on preparing personal history and work experience resumes, continued provision of job offer information, and encouragement to visit Hello Work if they have stopped visiting, etc. will be implemented.
- Employment support through utilization of trial employment subsidy
 - Transition to regular employment will be promoted by utilizing "trial employment" that provides an opportunity for employment on a trial basis for three months at enterprises through referrals made by Hello Works and employment placement businesses, etc. (Maximum monthly 40,000 yen per person, maximum 3 months)

4 Promotion of occupational independence support for NEETs, etc.

- Establishing a "Regional youth support station" nationwide and implementing special counseling for occupational independence of young unemployed in collaboration with the local governments.

5 Strategies for promotion of success of employment ice age generation

- For those who have searched job during the employment ice age and are currently working as non-regular workers or seeking job, sensible employment advice and support for stable employment by employment ice age counters in Hello Works, a short-term qualification acquisition or support for regular employment by business groups, etc., and subsidies for employment of "employment ice age generation" and shift to regular employment are implemented.
- For those who have not been employed for a long-term, professional consultation services to support occupational independence are provided at regional youth support stations.
- The government is working to raise social awareness of promoting the active participation of people in the employment ice age generation in the labor force through platforms that local governments, labour bureaus and business associations take part in, while implementing promotional activities concerning various support programs.

Detailed Data Employment (formally and informal appointed) rate of new graduates (to-be)

Source: Survey on the employment status of new graduates of universities and others (Ministry of Health, Labour and Welfare and Ministry of Education, Culture, Sports, Science and Technology)

(Note) Employment (formally and informal appointed) rate is the ratio of those who got employment formally and informally of the job seekers (every year graduating in March)

Employment Measures for the Elderly

Overview Structure of Employment Measures for the Elderly

[1] Obligation to implement employment security measures for the elderly (Securing employment opportunities up to 65 years)

- Based on the Elderly Employment Security Law, education instructions, etc. were implemented at Hello Works etc. Measures included such instructions are securing employment measures for all the people wishing to work until they reach 65.

[2] Effort obligation to implement employment security measures for the elderly (Security measures for working opportunities up to 70 years)

- Based on the Elderly Employment Security Law, educations, etc. were implemented at Hello Works, etc. Measures included such educations are securing employment measures for all the people wishing to work until they reach 70.

[3] Enhancement/strengthening of reemployment support for the elderly (People over 65 are included.)

- Enhancement/improvement of reemployment support through implementation of support regarding the review of work-life plans and employment support by employment support teams at major Hello Work branches nationwide and the holding of skills training that leads to employment in neighborhoods, thereby enabling the elderly to receive reemployment support without undue worry.
 - Implementation of general employment support projects for the elderly.
(Implementation of employment support toward redesigning work-life plans and support by employment support teams, etc. through establishment of ageless society support desks that provide support for job seekers aged 65 years or older at major Hello Works nationwide)
 - Provision of various subsidies, including subsidies for the employment development of designated job seekers
(Providing subsidies to employers hiring the elderly)

[4] Employment promotion for the elderly aiming at the realization of an "ageless society" (the approach to secure working opportunities after the age of 65)

[Support for enterprises] Promotion of employment of the elderly toward realizing an "ageless society" in which people can work according to their motivation and ability to work and regardless of their age

- Improving support for increasing the number of companies willing to employ people according to their motivation and ability to work regardless of their age and aiming at realizing increasing social opportunities toward realizing an "ageless society".
 - Payment of subsidies for employment promotion of the elderly aged 65 years or above
(Introducing a system of extending retirement age beyond 65 years and allowing for continued employment, and providing subsidies to the employers improving employment environment for the elderly and implementing a shift to permanent employment contract from a fixed-term one for the elderly workers)
 - Provision of counseling and support for business operators realizing an "ageless society" in which people can continue to work regardless of age.
(Focusing support on business operators realizing an "ageless society" for the elderly, the disabled and job seekers by planners for employment of the elderly over 65 at the Japan Organization for Employment of the Elderly, Persons with Disabilities and Job seekers.
 - Implementation of the career human resources bank for elderly retirees
(Information on careers prospective older retirees have are registered and presented to business operators that desire to utilize their capabilities)

[Regional support for the elderly] Expanding the places where the elderly can work or engage in activities to support society

- Ensure employment opportunities according to the diverse employment needs of the elderly by utilizing the Silver Human Resource Center, etc.
 - Strengthening the functions of Silver Human Resource Centers
(In order for the elderly who utilize the Silver Human Resources Center to more strongly support companies that are suffering from labour shortages, the matching functions with companies by expanding membership, etc. will be strengthened)
 - Implementation of projects toward a life-long active working environment in cooperation with the region
(Projects leading to promotion of employment of the elderly in local communities will be implemented based on proposals submitted by a council consisting mainly of local governments)
 - Implementation of projects to create a better environment for a life-long active working community
A comprehensive project aimed at supporting employment of the elderly, enhancing community welfare, promoting regional revitalization and taking other relevant measures has been implemented since FY 2022 based on proposals submitted by a council consisting mainly of local governments.

Employment Measures for Persons with Disabilities

Overview

Promotion of Employment Support for Persons with Disabilities

– Outline of Measures Related to the Employment of Persons with Disabilities –

I Strengthening support for hiring persons with disabilities, including small and medium-scaled enterprises

1 Enhancement and strengthening of support at Hello Work branches

(1) Providing "Team support for companies" to enterprises not hiring persons with disabilities

Hello Work offices and relevant regional organizations work together to provide "Team support for companies" to enterprises which have not achieved the statutory employment rate of persons with disabilities, mainly companies not hiring persons with disabilities that lack experience and know-how in employing persons with disabilities. The "Team support for companies" is designed to help such companies hire people with disabilities by providing consistent assistance ranging from preparation for employment, such as search for potential job seekers who meet the needs of each company, to retention of those employed.

(2) Strengthening the Hello Work's matching function by implementing "Team support for persons with disabilities"

With Hello Works at the center, "Team support for persons with disabilities" that provides consistent support from hiring to stable employment of the workplace in cooperation with related organizations in the region, and support the employment of persons with disabilities. In addition, for persons with disabilities who need to improve their employment readiness, "employment guidance" regarding attitudes toward general employment and necessary know-how, as well as management selection and employment interviews will be proactively carried out.

(3) Project to build an employment model of persons with disabilities at medium-sized companies (New)

Hello Work branches provide support for promoting efforts to employ persons with disabilities that contribute to improving business operations and compile efforts by companies as model projects so that they also can be carried out by other companies.

(4) Implementation of programs for promoting transfer from welfare, education, medical care to employment

Comprehensive and effective workplace training in collaboration with regional related organizations such as welfare facilities, special needs schools, and medical institutions, as well as business owners' organizations and companies will be carried out, in order to promote the transition from welfare, education, and medical care to employment. In particular, workplace training in small and medium-scaled enterprises will be promoted. In addition, the opportunities such as employment support seminars and business site tours will be enriched, and the collaboration promotion projects between companies and the welfare field centered on Hello Works will be facilitated.

(5) Implementation of the trial employment project for persons with disabilities

Business owners who will try to hire persons with disabilities (3 months in principle, up to 12 months for persons with mental disabilities) through introduction by Hello Works, etc. will be subsidized in order to promote and stabilize the employment of persons with disabilities.

2 Improving the environment where working can be continued with peace of mind and stability

(1) Employment support in communities by Work/Life Support Centers for Persons with Disabilities

The Work/Life Support Centers for Persons with Disabilities are working to set up new offices in areas without centers and continue to provide employment and living support and counseling services for people with disabilities as a networking hub for regional support organizations.

(2) Enrichment of support for employers working on employing persons with disabilities as regular workers

Based on the system regulated by employment regulations or labor contract, etc., the subsidies shall be provided to business owners who have implemented a shift to regular or permanent employment contract from a fixed-term one.

(3) Consultation support, etc. related to prohibition of discrimination against persons with disabilities and provision of reasonable accommodation

Consultation support, etc. related to prohibition of discrimination against persons with disabilities and provision of reasonable accommodation
Setting up a specialized contact point for employment of persons with disabilities, to provide consultation support for dealing with the situation of individual corporations regarding the prohibition of discrimination against persons with disabilities and the provision of reasonable accommodation, and also hold seminars, etc. for business owners who have problems in employment of persons with disabilities.

II Employment support for persons with various disability characteristics such as persons with mental disability, persons with developmental disability, and intractable disease patients

1 Expansion of employment support for the mentally disabled

(1) Promotion of professional support for mentally disabled in the Hello Works

From the viewpoint of stable employment support to realize the stable employment of mentally disabled, deploying "total employment supporter of the mentally disabled" in the Hello Works, such as qualified mental health care worker, and providing counseling intended for them and consultation/assistance to employers for solving employment related problems of the mentally disabled.

(2) Training for work supporters for persons with mental and developmental disabilities

By training "work supporters for persons with mental and developmental disabilities", who will be supporters warmly watching over and supporting persons with mental and developmental disabilities, from general workers in the company, the creation of an environment where persons with disabilities can play an active role in the working scene will be promoted.

2 Preparation of a system for accepting mentally handicapped persons at vocational ability development schools (general schools)

In order to improve the system for accepting persons with mental disabilities, psychiatric social workers, etc. will be assigned at the vocational ability development school, and disseminating know-how and strengthening responsiveness related to accepting persons with mental disabilities will be worked on.

3 Employment support for persons with developmental disabilities and patients with intractable diseases

(1) Implementation of comprehensive employment support by "total employment supporter of persons with developmental disabilities" from preparation stage to stable employment

Stages are as follows: deployment of "total employment supporters of persons with developmental disabilities" in the Hello Works (with sufficient experience in employment support, etc.), promotion of the provision of the counseling and employment preparation program for persons with developmental disabilities, possession of the know-how necessary for employers and assistants to realize stable employment for persons with developmental disabilities and active collaboration with Support Center for Persons with Developmental Disorders, etc.

(2) Implementation of comprehensive employment support for students with developmental disabilities

Due to the increase of number of persons with developmental disabilities in universities, etc., the comprehensive support from employment preparation to employment and stable employment are provided for those students who need professional support on job seeking in addition to acquiring targets at early stage in collaboration with universities, etc.

- (3) Enhancement of employment support for patients with intractable diseases in cooperation with the Intractable Disease Counseling Support Center
Assigning an "employment supporter for patients with intractable diseases" in Hello Works, and providing detailed support to such patients wishing to get a job according to the characteristics of their symptoms in cooperation with the Intractable Disease Counseling Support Center
- (4) Implementation of subsidies to employers having hired persons with developmental disabilities and patients with intractable diseases
Providing subsidies to the employers who have employed persons with developmental disabilities or those with intractable diseases and carried out appropriate employment management, etc.

III Telework support to encourage the employment of persons with disabilities

- 1 Telework support to encourage the employment of persons with disabilities (Partially reposted)
To promote teleworking to enhance the employment of persons with disabilities, seminars are held to help companies introduce teleworking, and consultation services are provided to individual enterprises.

IV Promotion of employment and stable employments for persons with disabilities in the public service sector

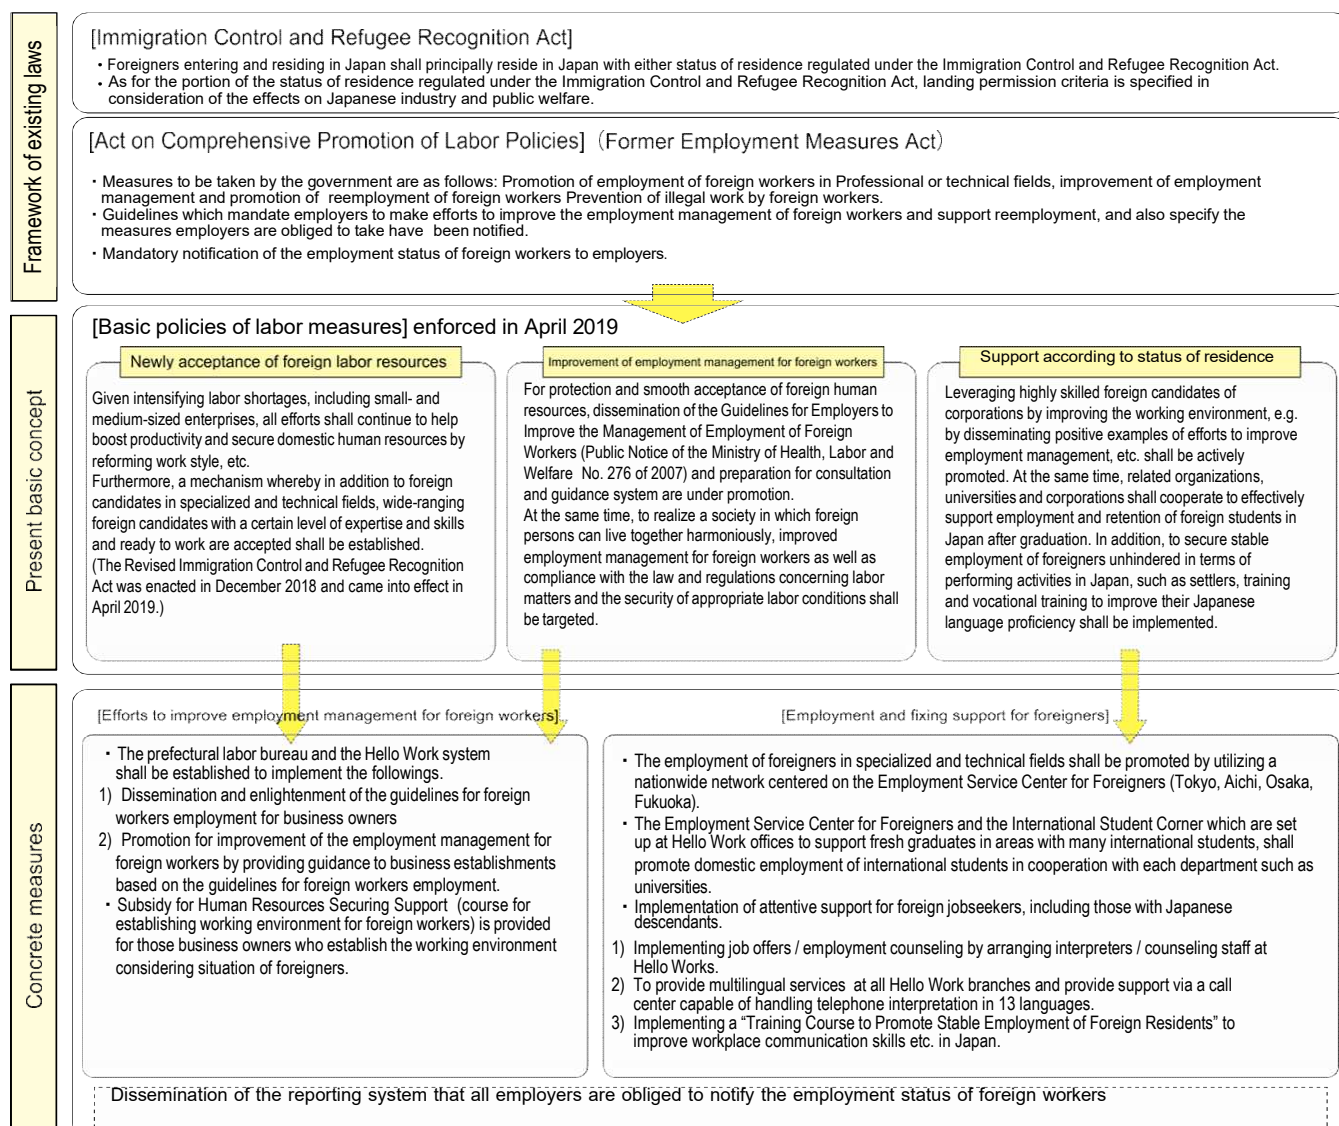

- 1 Promotion of employment and stable employments for persons with disabilities in the public service sector
To continue to promote retention of persons with disabilities employed in the public service sector, staff members who help persons with disabilities adapt to the workplace are stationed at Hello Work offices, etc. In addition, the Ministry of Health, Labour and Welfare is also taking measures to provide individualized support according to the characteristics of impairments and hold workshops to help people deepen understanding of disabilities.

V Enhancement of the vocational ability development support for persons with disabilities

- 1 Preparation of a system for accepting mentally handicapped persons at vocational ability development schools (general schools) (Reposted)
2. Promotion of the vocational training focusing on the persons with disabilities who need the special support at the vocational ability development schools for persons with disabilities Support for employers working on adaptation/settlement at a workplace for persons with disabilities
At the vocational ability development school for persons with disabilities, the "persons with disabilities who need the special support" shall be accepted with focusing, the vocational training according to the characteristics of disabilities is carried out, and the maintenance of facilities highly urgent for safety for trainees or school buildings due to aging, etc. shall be implemented.
3. Implementation of outsourced training corresponding the diverse needs of persons with disabilities
With utilize various training resources such as corporations, social welfare corporations, NPO corporations, and private education and training institutions, various vocational trainings in the neighboring areas where persons with disabilities live shall be carried out.

Regional Employment Measures

Overview Outline of Regional Employment Measures

Present status

- Employment and unemployment situation
 - The employment and unemployment situations had been improving across the country until 2019. But they started getting worse in 2020 due to the outbreak of COVID-19, and the jobs- to-applicants ratio has dropped below 1.0 in some regions. Continuous attention needs to be given to the situations.
- Population flow from rural areas to the Tokyo area
 - Net population influx into the Tokyo area has been declining in FY 2020 compare with 2019. Continuous close attention should be paid to the trend in line with the influence of COVID-19 on the population flow.

Main measures
