Note: 1. Unit for National Income is Trillion Yen, for others is %.

2. Until FY 2007 is actual figures, FY 2008 is expected figures, and FY 2009 is outlook.

3. Data for FY 1990 and later are counts based on 93SNA, and FY 1989 and earlier are counts based on 68SNA.

However, counts for tax burdens are based on tax revenues, and are different from SNA-bases.

4. Figures for fiscal deficit are deficit of national and local fiscal balance, and temporary special factors are excluded.

The followings are excluded from Special Account for National Debt Consolidation Fund or transfers to General Account:

FY1998- the Japanese National Railway's Long-term Liabilities and National Forest Accumulated Debt FY2003- Honshu-Shikoku Bridge Authority's transfers to General Account FY2005-Influence on purchase and assumption due to the privatization of the Four Highway-Related Public Corporations FY2006, 2007, and 2009- Special Account for Fiscal Investment and Loan Program (Special Account for Fiscal Investment and Loan Program Fund)
