

Abolition of the Social Insurance Agency and Establishment of the Two New Corporations of Non-Government Employee Type

【Services of the Nation】 ※Financial and management responsibilities of public pension belong to the head office of the Health, Labour and Welfare Ministry
 ※ Supervision of medical facilities that provide insured services belongs to Regional Bureaus of Health and Welfare
 ※Compulsory collection from heinous delinquents can be delegated to the National Tax agency

【Present】

【New organization】

Operation service of public pension (application, collection, recordkeeping, counseling, judging, payment, etc.)

※Promote entrusting to private businesses

Health insurance project (employees of small and medium enterprise)

Hereafter

1. "Officials" will change

Officials of the two new corporations are not government but private employees. Carry out through changes in the consciousness of staff by human resources management based on ability and achievement.

2. "Services" will change

Enhance service improvement by providing simple and user-friendly notice, telephone counseling, internet information service and others.

3. "Way of work" will change

Enhance appropriate and effective operation of business such as renewal of outdated computer system, various checking structures, clerical process intensification, outsourcing and others.
