

694. モキシデクチン (MOXIDECTIN)

Table with multiple columns including Codex, Country, Category, and Moxidectin values. It lists various food items like rice, beans, fruits, and vegetables with their corresponding Codex names and Moxidectin concentration limits (e.g., 0.02, 0.05, 0.1). Some cells contain numerical values like 0.02 or 0.5, and others contain Japanese text describing the product or its components.
