

Detailed Data 2 Changes in the volume of Supply in Municipal Water Supply System (WSS)

| | 1975 | 1980 | 1985 | 1990 | 1995 | 2000 | 2005 | 2007 |
|-------------------------------------|---------|---------|---------|---------|---------|---------|---------|---------|
| Total population (1,000 persons) | 112,279 | 116,860 | 121,005 | 123,557 | 125,424 | 126,901 | 127,709 | 127,896 |
| Population with WSS (1,000 persons) | 88,065 | 97,620 | 104,135 | 108,885 | 112,496 | 115,533 | 117,788 | 118,589 |
| Average volume per day (1,000 L) | 32,871 | 35,623 | 39,498 | 43,348 | 44,423 | 44,350 | 42,932 | 42,281 |
| Average volume per head per day (S) | 372 | 361 | 376 | 394 | 391 | 381 | 363 | 355 |
| Maximum volume per day (1,000 L) | 42,211 | 45,500 | 50,193 | 54,149 | 54,635 | 53,103 | 50,054 | 48,843 |
| Maximum volume per head per day (S) | 480 | 461 | 477 | 493 | 482 | 457 | 423 | 410 |
