Note: 1. Activities of the OECD are administered by Part I contribution (it is allotted to core activities relating to the interests common to all member nations and Ministry of Foreign Affairs pays it collectively), Part II contribution (it is allotted to the project that some member nations participate in) and voluntary contribution (it is paid by member nations to a project voluntarily). Ministry of Health, Labour and Welfare makes financial contributions through Part II contribution and voluntary contribution.

2. Voluntary contribution is paid mainly to the fields of employment, health and social policies.
