

Detailed Data 1 Regional Conforming Rates

(Unit: %)

Classification \ Region	Nationwide	Hokkaido Tohoku	Kanto	Hokuriku Koshinetsu	Tokai	Kinki	Chugoku	Shikoku	Kyushu
Doctors	88.3	73.1	92.9	84.9	93.1	95.7	87.4	84.8	89.9
Nurses	98.9	98.5	97.9	98.7	98.8	98.8	99.7	100	99.8

Detailed Data 2 Nationwide Achievement Status

	Hospitals with sufficient number of doctors	Hospitals with insufficient number of doctors	Total
Hospitals with sufficient number of nurses	7,252(87.5)	947 (11.4)	8,199 (98.9)
Hospitals with insufficient number of nurses	67 (0.8)	23 (0.3)	90 (1.1)
Total	7,319 (88.3)	970 (11.7)	8,289 (100)

(Note) Figures represent the number of hospitals (excluding dental hospitals). Figures in parentheses represent percentage.

(Explanation of terms)

Numerical standards

Numbers of doctors and nurses to be deployed at hospitals designated by the Medical Care Law.

Conforming rate

"Percentage of hospitals satisfying the designated number of doctors/nurses" in "hospitals for which on-site investigation are conducted".

Sufficient/insufficient

Of hospitals for which on-site investigation are conducted, those satisfying the numerical standards are counted as "sufficient" and those not satisfying the numerical standards are counted as "insufficient".
